**Rationale for Proposed Boundary Changes:** Lafayette's attendance zone expands to the southwest to help relieve pressure at Murch. This is feasible because the number of public school students are predicted to decline in this area and a building modernization and expansion is scheduled for 2015-17.

**Proposed Geographic Destination Feeder Schools (Feeder Pathway):** Anyone living in the proposed new boundary for Lafayette ES is zoned for and has a right to attend Deal MS and Wilson HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Deal. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

**Proposed Programmatic Destination School (Feeder Pathway):** No programmatic feeder pattern proposed.
